AN EXELON COMPANY

Saving Energy Is Now Extra Rewarding.

Earn an extra \$200–\$750 on top of our standard rebates for completing qualifying upgrades from May 31, 2022–December 31, 2023, and subject to availability.

Bonus Rebates:

\$200 for **two** qualifying upgrades from the same group

\$450 for **two** qualifying upgrades from different groups

\$550 for **three** qualifying upgrades from at least two different groups

\$650 for **four** qualifying upgrades from at least two different groups

Plus, earn an **extra \$100** for installing an ENERGY STAR® certified heat pump water heater in combination with any of the above.

Qualifying Upgrades:

Group A:

ENERGY STAR certified ductless mini-split heat pumps, central A/C units and air-source heat pumps

Group B:

Air sealing; attic, ceiling and roof insulation; duct sealing and insulation (available to Energy Assessment customers through select contractors)

Group C:

ENERGY STAR certified heat pump water heaters and refrigerators; and heat pump clothes dryers

Watch Your Savings Stack Up

Here's one way your savings can add up fast by taking advantage of our standard and bonus rebates:

STEP 1:

You upgrade to a qualifying mini-split heat pump (Group A) and apply for a **\$300 standard rebate**.

STEP 2:

You decide to replace your old fridge with an ENERGY STAR certified model (Group C) and apply for a **\$20 standard rebate**.

STEP 3:

For completing two qualifying upgrades from different groups, you'll receive a **\$450 bonus rebate**. No additional application is required to receive your bonus.

Total savings:
\$770

Get Started

Have a qualifying upgrade in mind? Check out our available rebates at peco.com/BonusRebates. If you're not sure where to start, **scan the QR code** and schedule a Home Energy Assessment to receive personalized recommendations from a PECO energy advisor, or call **1-888-5-PECO-SAVE (1-888-573-2672)**.

Applications for qualifying measures must be received between May 31, 2022 and December 31, 2023. Must be a PECO residential electric customer. For Energy Assessment participants, the customer must have a single-family residential electric account that does not qualify as income eligible. Bonus rebate funds are limited and subject to availability. Bonus rebates are not eligible for items purchased through the PECO online marketplace.
